**Dear Friends!** Our Dowser Family will be gathering once again at the University of California at Santa Cruz for the West Coast Dowsing Conference, July 3<sup>rd</sup> to July 7<sup>th</sup>. Please join us for what some have called “summer camp for dowers!” Take time away from home routines in the company of kindred spirits. There will be many opportunities to learn, and to explore new concepts and techniques with experienced instructors. Santa Cruz is one of California’s most popular and beautiful resorts, gateway to such sites as Monterey Bay, Carmel, Cannery Row, Point Lobos, and Big Sur. Enjoy magnificent settings of high grassland slopes overlooking the ocean, towering redwood groves and majestic live oak trees.

**CONFERENCE:** The Conference begins Friday, July 4<sup>th</sup>, and runs through Sunday, July 6<sup>th</sup>. Our presenters are drawn from the dowsing community and cover areas of interest related to dowsing and consciousness. Many are familiar speakers and some are new to our Conference with inspiring new topics. There is ample opportunity to meet and learn from highly accomplished dowers. Each of the four class periods during the day offers up to six topics to choose from, and some of our speakers make their presentation twice. Check our website for a list of speakers and topics: [www.dowerswestcoast.org](http://www.dowerswestcoast.org).

**FEATURED** this year are: • our keynote speaker, ALAN HANDELSMAN, a dowser, hypnotherapist and musician who delivers his wisdom with warmth and humor.

- dowsing schools for beginning and advanced dowers
- Young People’s Mystery School
- Folk Dance for Heart and Soul
- Labyrinths for all to walk and enjoy
- nightly Hospitality: a time for social gathering and connections and

**The BEGINNING DOWSING SCHOOL** with Dick Tippett and Gladys McCoy teaches the use of four common tools, and involves plenty of in-the-field instruction and practice for water dowsing. First-time Beginning School students will receive a full set of dowsing tools which are the same as those the instructors use, and are included in the price of the School. A special presentation on “How To Ask the Right Question” and practical uses of dowsing follow experience in the field.

**The ADVANCED APPLICATION SCHOOL**, for those with basic dowsing knowledge, offers various options to expand skills with experienced dowsing instructors. See the enclosed descriptions, and mark your choice on the Registration form.

**WORKSHOPS:** Monday, July 7<sup>th</sup>, 2014 we will offer one full-day and four half-day Workshops in specialized subjects.
